

Think of your Business as an Engine™

CoreValue measures the ability of this engine to generate future revenue and profit.

With this knowledge, you'll know the business' operational value.

With this knowledge, you'll have a roadmap for building a strong and growing business.

# CoreValue

Use 'Discover' - The 18 Value Driver Framework  
Approved by Advisors

*Strategic Exit Advisors, Curt A. Cyliax*

*"It has created a new next step to engage business owners in a conversation about their business. We use the 'Discover' process as a quick test drive.*

*They gain insight into their business, and we learn about their business at the same time. It's a great conversation starter about the owner's goals and objectives, and how we can help them get there."*

powered by **CoreValue**

*By quickly providing value, you increase your ability to close potential clients and uncover new opportunities with existing ones.*

Shouldn't you see why your peers use the 18 Value Driver Framework to uncover new business?

Try 'Discover' today!

## CoreValue Solutions

### The Power You Need to Build Operational Value for Clients

Help private business owners build valuable companies. Our tools for Advisors help you identify, plan and execute this strategic growth for your clients.

Quick Statistics From Over 5,000 Engagements:

**\$105B**

Total Enterprise Value currently being grown with CoreValue

**73.4%**

The percentage of businesses which have red flags threatening their value

**27.4%**

The average increase in business value uncovered with CoreValue

## Why CoreValue?

GROW your practice, LEAD your industry, and DELIVER real value opportunities to your clients.

CoreValue makes it easy to start with **DISCOVER** - a quick and easy assessment to uncover untapped value in a client's business operations and then quantify that value. Then **UNLOCK** a deeper dive into your clients operations, identifying specific focus areas where additional operational value can be realized.

### CoreValue DISCOVER

**What's the value of my client's business?  
How much more could it be worth?**

- Identify the business value --and what it could be
- Benchmark your client's operations against their peers
- Uncover threats to their success
