2016 Cyber Security Conference Cyber Threat Intelligence

Presented by Thomas Nelson Workforce Development & InfraGard

Friday, October 7,
Peninsula Workforce Development Center
600 Butler Farm Road, Hampton

This year's conference will focus on "Cyber Threat Intelligence," a popular strategy being used in both the military and industry. Cyber threat intelligence is based on multiple layers of information and should be analyzed using the "Cyber Kill Chain" process.

Featuring

Vice Admiral Jan Tighe
10th Fleet/Fleet Cyber Command

Guest Experts:

FBI, FireEye, Raytheon,
Verizon and More

Price \$25 (cost includes
continental breakfast and lunch)
