[The National Aeronautics and Space Administration \(NASA\)](#) is working with the Center for Advancing Innovation (CAI) to launch a brand new competition in 2016. The competition challenges teams to form business plans around NASA developed technologies with near-term commercialization potential. Winners will be awarded a cash prize, provided by third-party venture capital investors, and will be encouraged to incorporate and pursue licensing the technologies from NASA, using their winnings as seed funding for the new business. Registration ends on May 1st, so don't miss your chance to enter. Want to know more about the Space Race? [Click here!](#)
